

... Philosophy

iBC offers a quality range of services for all of our customers Care needs. Our “go the extra mile” ethos always leaves our customers feeling great about working with us and we feel great about working with them too. Our Person Centred Approach puts the Choice and Control in our customer’s hands and we promise to always...

- 1) Let you be the **Individual** that you want to be
- 2) Let you make the **Choices** you want to
- 3) Let you be in **Control** of your Services
- 4) Ensure that your **Dignity** is maintained
- 5) Ensure that you maintain your **Independence**

Why do these values matter to us so much? Because these values matter to our customers, and that’s what we are all about, making our customers happy. We are CQC registered and all of our staff are trained to the highest standards, so you can feel confident and safe whenever you use any of our services.

Welcome to iBC Quality Solutions

Floating Support & Personal Assistants

The support you want, as and when you need it...

...Choose Quality

... About

Sometimes people require support, and they want it from someone they can rely on and trust. Whether it is very little help with daily living tasks to maintain their independence for a few hours a week or for slightly more complex needs which require 24 hours a day, iBC are here to help.

We know our customers come from a wide range of backgrounds and cultures, but don't worry, so do our staff and if you really get on with one of our team, we promise to do our best to make sure they're the ones you work with! We strive to build good relationships with our customers and keep the people you work with consistent.
